People in Tech — Platform Guide

Greece's Premier Tech Talent Pool

Version 1.0 — April 2026

What is People in Tech?

People in Tech is a discovery platform that connects tech talent with employers across Greece. Companies get a curated profile showcasing their team, open roles, and events. Candidates build a professional profile, follow companies, and express interest in opportunities — all in one place.

The platform is built for the Greek tech ecosystem: startups, scale-ups, and established companies hiring in Athens, Thessaloniki, and remote.

Platform Overview

For Candidates

- **Discover** companies by industry, location, size, and tech stack
- **Follow** companies to stay updated on new roles and events
- **Express interest** in jobs so companies can view your profile
- **Build a profile** with skills, experience, education, and preferences
- **Get alerts** when followed companies post new roles or events

For Companies

- **Claim your company page** to verify your profile
- **Showcase your team**, tech stack, and culture
- **Post jobs and events** that reach the talent pool
- **See interested candidates** and view their profiles

For Admins

- **Manage all companies** — edit profiles, assign representatives, toggle featured/VC-funded badges
- **Review claims and listing requests** from companies
- **Scrape and import jobs** from company career pages
- **Manage events, partners, content, and newsletters**

- **View candidate profiles** with contact email for outreach
- **Export candidate data** to CSV

1. Getting Started

Creating an Account

1. Visit the homepage and click **"Get Started"**
2. Enter your **full name**, **email**, and **password**
3. Check your inbox for a **verification email** — click the link to verify
4. Complete the **onboarding wizard** (3 steps):

Step	What You Fill In
About You	Name, headline, experience level, LinkedIn URL
Interests	Role interests (max 5), skills, industries, preferred locations
Preferences	Email notifications (weekly digest, events, newsletter)

5. You're in — you land on the **Discover** page

Signing In

- Go to `/login` and enter your email + password
- Forgot your password? Click the link — a reset email is sent within seconds

---

2. Discovering Companies

Page: Discover

The Discover page is the main hub for browsing companies on the platform.

Search & Filters

Filter	What It Does
Search	Find companies by name

Industry	Filter by sector (FinTech, SaaS, HealthTech, etc.)
Location	Filter by city (Athens, Thessaloniki, Remote, etc.)
Size	Filter by team size
Has Open Roles	Show only companies with active job listings
Verified	Show only verified companies
VC Funded	Show only VC-backed companies

Sort Options

- **Most Followed** (default) — popular companies first
- **Newest** — recently added companies first
- **Alphabetical** — A to Z
- **Most Open Roles** — companies hiring the most

Company Cards

Each card shows:

- Company logo and name
- Industry and location
- Follower count and open roles count
- **Featured** badge (green star) — hand-picked by admin
- **VC Funded** badge (blue) — venture-backed companies
- **Verified** checkmark — company has a confirmed representative

---

3. Company Profiles

Click any company card to view their full profile. Each profile has:

Hero Section

- Cover image and logo
- Company name with verification badge
- Industry, location, size, founded year
- **Follow** button (tracks your interest)
- Website and LinkedIn links
- Representative info (name, title, LinkedIn) for verified companies

Tabs

Tab	Content
About	Full description, technologies, team members
Open Roles	Active job listings with links to apply
Events	Upcoming events hosted by this company
Gallery	Photos showcasing the company culture

Claiming a Company

If you represent a company on the platform, you can claim it:

1. Click **"Claim this company"** on the profile page
2. Fill in: your name, job title, work email, LinkedIn (optional), message (optional)
3. **If logged in:** Your claim is submitted for admin review immediately
4. **If not logged in:** A verification email is sent to your work email — click the link, then your claim goes to admin review
5. Admin approves or rejects the claim

> ***Note:*** *Multiple people can submit claims for the same company. The admin reviews all claims and decides who to approve.*

---

4. Jobs

Job Listings Page

Browse all active jobs with:

- **Search** by title or company name
- **Filter** by job type (Remote, Hybrid, On-site)
- **Sort** by newest, oldest, company name, or location

Each job card shows: title, company, location, type, and when it was posted.

> *Anonymous visitors can see the first 6 jobs. Sign up to browse all listings.*

Job Detail Page

Click a job to see:

- Full description, requirements, and tech stack
- Experience level
- **"Apply"** button — links directly to the company's application page
- **"Express Interest"** button — signals to the company that you're interested (they can then view your profile)
- **"Save Job"** button — adds to your dashboard
- More roles from the same company

---

5. Events

Browse upcoming and past tech events:

- Workshops, meetups, webinars, and more
- Filter by event type, date range, and online/in-person
- **Save** events to your dashboard
- **Register** for events directly

---

6. Candidate Dashboard

Your personal hub after signing in. Access it from the user menu → **Dashboard**.

Stats Bar

Four cards showing: Saved Companies, Saved Jobs, New Alerts, Saved Events

Tabs

Tab	What's Here
Saved Companies	Companies you follow — unfollow from here
Saved Jobs	Jobs you've bookmarked — unsave from here
Alerts	New jobs and events from companies you follow (30-day window)
Saved Events	Events you've saved or registered for

7. Your Profile

Editing Your Profile

Go to **Dashboard** → **Edit Profile** to manage:

Section	Fields
About	Name, bio, public title, LinkedIn, website, avatar
Availability	Status (open to work, not looking, open to freelance), preferred work type, salary expectation
Skills & Interests	Skills, role interests, industries, preferred locations
Experience	Work history (company, role, dates, description)
Education	Degrees (institution, degree, field, years)
Certifications	Professional certifications (name, issuer, year)
Languages	Spoken languages with proficiency level
CV	Upload your resume
Visibility	Toggle profile public/private

A **completeness meter** on the right shows your progress and what's missing.

Public Profile

When your profile is public, verified company representatives (whose jobs you've expressed interest in) and admins can view:

- Your name, title, bio, and availability
- Skills, industries, and role interests
- Work experience and education
- Certifications and languages
- Links (LinkedIn, GitHub, portfolio, website, CV)

8. Listing a New Company

If your company isn't on the platform yet:

1. Go to **"List Your Company"** (linked from the homepage or footer)
2. Fill in: company name, website, contact email, phone (optional), your role, message (optional)
3. Submit — the request goes to admin for review
4. If the company already exists, you'll see a warning with a link to claim it instead

---

9. Admin Guide

The admin panel is accessible at `/admin` for users with the Admin role.

Dashboard Overview

- **KPIs:** Total companies, total candidates, pending claims, active jobs
- **Pending claims alert** with quick link to review
- **Top companies** by follower count
- **Signup trends** chart (30 days)
